Professional Experience

Image Specialist / Content Operations Editor | Nielsen – Mumbai Sep 2021 – Present

Create broadcaster logos, programme banners, and sports assets using composition, spacing, colour, and brand standards while coordinating with cross-functional peers to meet high-volume deadlines. Design illustrations, typography-led creatives, complex layouts, and digital marketing materials for OTT and TV platforms while integrating graphic design and video-editing workflows.

- **Achieved** 100% adherence to broadcaster and global brand guidelines by executing logos and sports-banner assets with rigorous visual accuracy and quality control.
- **Increased** campaign time-to-market by streamlining sourcing, editing, and production of broadcaster logos and programme assets across recurring creative workflows.
- **Enhanced** visual communication and user experience by applying typography, layout, composition, spacing, and colour principles across digital content for OTT and TV audiences.

App Support Executive | Catalyst Corporate Services Pvt. Ltd. – Mumbai Oct 2020 – Jun 2021

Administered application support, professional correspondence, complaint redressal, and technical documentation while addressing customer inquiries and maintaining clear communication. Resolved application-related issues through responsive technical assistance and structured troubleshooting while coordinating service requests to maintain dependable customer engagement.

- **Strengthened** customer engagement by delivering responsive technical assistance, maintaining professional correspondence, and addressing complaints through structured support practices.
- **Improved** communication effectiveness by managing written and verbal interactions across customer support activities and documenting application-related information clearly.
- **Supported** consistent service delivery by handling technical inquiries, maintaining required documentation, and facilitating complaint resolution across assigned application-support activities.
